### C. Complete the story

Last month, our class went on a school trip to Edinburgh. We had been looking forward to the trip for weeks.

When we arrived, our teacher told us that she had already booked a guided tour of the castle.

While the guide was showing us around, one of my classmates was taking lots of photos.

I had never visited Edinburgh before, so everything was interesting to me.

After the tour, we had lunch in a small café. Some students were talking about the places they wanted to visit next.

Since that trip, I have become very interested in Scottish history.

Next year, our school will probably organise another trip. By then, I will have saved enough money to buy some souvenirs.

## F. Mixed Tenses Challenge

This weekend is going to be very busy. On Saturday morning, I will meet my cousin at the train station.

She hasn't visited me for several months, so we have a lot to talk about.

When she arrives, I will have already prepared lunch.

While we are eating, we will probably make plans for the afternoon.

Last time she visited me, we went shopping, but this time we are planning to go hiking.

If the weather is good, we will walk through the forest.

By Sunday evening, I will probably have spent most of the weekend with my cousin.

I am sure we will have a great time!
